Plastic Flat (Spherical) 1.50 +4.00 to -6.00 up to -2.00 cyl 70 mm

---

**Reduce glare**

Glare, poor night vision, and reflection are major concerns for patients.
- Less reflection during the day and safer nighttime driving

**Resist smudges**

Lenses that smudge easily are a major source of frustration.
- Fewer smears and fingerprints mean less visual distraction

**Resist scratches**

Scratch resistance is the benefit patients want most in anti-reflective lenses.
- Protection against everyday wear and tear, with no scratches from cleaning

**Repel dust**

Patients are bothered by dust, dirt, and lashes clinging to static on the inside of lenses.
- Crizal repels these particles, so lenses stay cleaner longer

**Repel water**

Patients want lenses that stay clean in outdoor environments.
- More convenient to wear outdoors

**Comprehensive UV protection**

UV protection is needed every day, but many patients don’t know this.
CRIZAL SAPPHIRE® 360° UV LENS
9-STEP PROCESS

SMUDGES (cleanability)
- Patented Pad Control System
- High Surface Density™ (HSD)
- Super Hydrophobic Layer

GLARE (clarity)
- Anti-Particulate Layer
- Anti-Reflective Layers
- SR Booster™ Layer
- Two-Sided Scratch Resistant Layer

SCRATCHES (durability)
- Lens
- Anti-Reflective Layers With UV Reflection Protection

UV LIGHT (protection)

NEW PATENT PENDING NANOLAYER
Multi-Angular Technology™

INCREASED UV PROTECTION E-SPF® 35

E-SPF is an index rating the overall UV protection of a lens. E-SPF was developed by Essilor International and endorsed by third party experts. The E-SPF index relates to lens performance only and excludes direct eye exposure that depends on external factors (wearer’s morphology, frame shape, position of wear).

CRIZAL SAPPHIRE 360° UV STACK

CRIZAL PRODUCT FAMILY

CRIZAL Easy™
- More durable than ordinary lenses
- Easier to clean than ordinary lenses
- Lifetime stay cleaner longer

CRIZAL AVANCE®
- All the benefits of Crizal Avance 360® lenses, PLUS:
- 2x more scratch resistance to protect lens investment
- Repels dust and dirt for cleaner vision and less cleaning

CRIZAL AVANCE® UV
- All the benefits of Crizal Avance 360® lenses, PLUS:
- Best-in-class transparency
- Reduction of reflections from all around the wearer
- Plus, UV protection has been improved with E-SPF® 35

CRIZAL PREVENCIA
- All the benefits of Crizal Avance 360® lenses, PLUS:
- Selectively filters at least 20% of harmful Blue Light

*Harmful Blue Light is the blue-violet wavelengths between 415-455 nm on the light spectrum believed most toxic to retinal cells.

E-SPF® is an index rating the overall UV protection of a lens. E-SPF was developed by Essilor International and endorsed by third party experts. The E-SPF index relates to lens performance only and excludes direct eye exposure that depends on external factors (wearer’s morphology, frame shape, position of wear).
